the rest of the season, but the Hurricanes continued to advance on Eastwood's debut. He would sit out the final game of the regular season against the Gaels, but, even without him, the Hurricanes won, 16-13, and clinched a playoff berth. Eastwood wore uniform number #16 on his jersey for the playoffs, and also received the Most Valuable Player award. Eastwood and the Hurricanes advanced to the 1998 CIS Ford Cup, the only Grey Cup-hosting CIS team, where the team lost at home to the Western Mustangs, 34-32, and finished 8th in the regular season. Following the season, Eastwood was awarded the Presidents' Trophy as CIS Football's Most Valuable Player, as well as the Western Canada Award as CIS Football's Most Outstanding Player and offensive player of the year. 3a67dffeec

Byford said he's running for a seat on the 18th Judicial District Court because the current judge, Larry DeWeese, is retiring. Byford ran unopposed for mayor in 2009. He is a partner in the law firm Snavely, Byford and Russell. Byford, a Democrat, will face former Assistant District Attorney David Kovacs and Republican Kevin Joyce in the June 26 primary election.

What's New in the Neon Light Icon Set?

The icon set contains all of the same icons as the original Set A, but with a slightly different color scheme and without the subtle texture of the wooden style icons. The bright colors of the neon icons easily bring a little attitude to any document or folder. The Neon icon set also has a small set of four neon export buttons, which work perfectly with any application that can use a different set of buttons. The set also includes all of the items in the original Set B. This collection of neon icons is entirely free for personal, commercial, or educational use. Special feature: Neon Light Icons are extremely easy to install. All you need to do is simply double-click the.icons file and a

new folder will appear in your Windows Explorer, within which you will find all of the icons in this set. With this library you can create your own looking icons for your computer. Windows Icon Packs are the preferred method for getting the new icons that your Windows applications need to function properly. Icon Packs give you the ability to browse through your icons and add or change them by simply double clicking the.icons file and a new folder appears within your Windows Explorer window, where you can choose the icons you want. You can easily make your own icon set that best represents your personal style of working. Simply choose the colors, fonts, sizes, shape, and placement of your icons and then export your set to a.icons file. You don't need to be a graphic designer to create your own icon set. With just a little bit of effort, you can give your Windows applications the look you need to get the job done. You can remove any icons you don't want in Icon Packs by either right-clicking on them and deleting them or simply deleting the.icons file and the icons will disappear from the computer. Icon Packs are a simpler and easier way to change the look of your Windows applications then using the old Windows Control Panel. Special feature: Icon Packs are the preferred method for getting the new icons that your Windows applications need to function properly. We have created all of the icons and exported them to be used in Icon Packs. A Package contains the following files: Neon Light.icons - A folder containing all of the icons in this icon set. Neon Export Buttons.icons - A folder containing export buttons for Office, Windows Explorer, Adobe applications
